

# Transformation

by Sanchi Kohli

A straw can be transformed  
By the touch of a hand

But metal  
to even make the slightest  
change to it would take  
a great amount of force

are you like a straw  
Or like metal

Are you a straw  
that transforms  
under the pressure  
of being popular

Or are you metal  
that doesn't give into  
the pressure  
and stands strong

Lots of people  
want to be liked and popular  
but does that mean  
you should turn into a straw

Be liked  
But by the right people  
don't transform yourself  
so that at the end of the day  
you don't know who you are

Transform yourself  
into the type of person  
who won't be guided  
to follow things  
that will turn you into a bad person

Instead transform yourself  
into a person

who might not  
be the most well known person  
but into a person  
That brings a smile  
onto the face  
of everyone they meet

You be the one  
to help people transform  
and help them release  
what they are doing is wrong

help the people you love  
help them stop the things  
that will eventually  
kill them  
stop them before it's too late  
be the Transformation in their lives
